

VEINTECH | **ARTECH**
DIGITAL CREATIVITY ON SURFACE

800 x 1600 mm

A THREE- DIMENSIONAL VISION

ARTECH
DIGITAL CREATIVITY ON SURFACE

The Artech Series features tiles that redefine modern design with their unique 3d effect. This series offers a stunning blend of texture and style, creating a bold visual impact in any space. The raised patterns on the tiles bring an exciting new layer to your interior design.

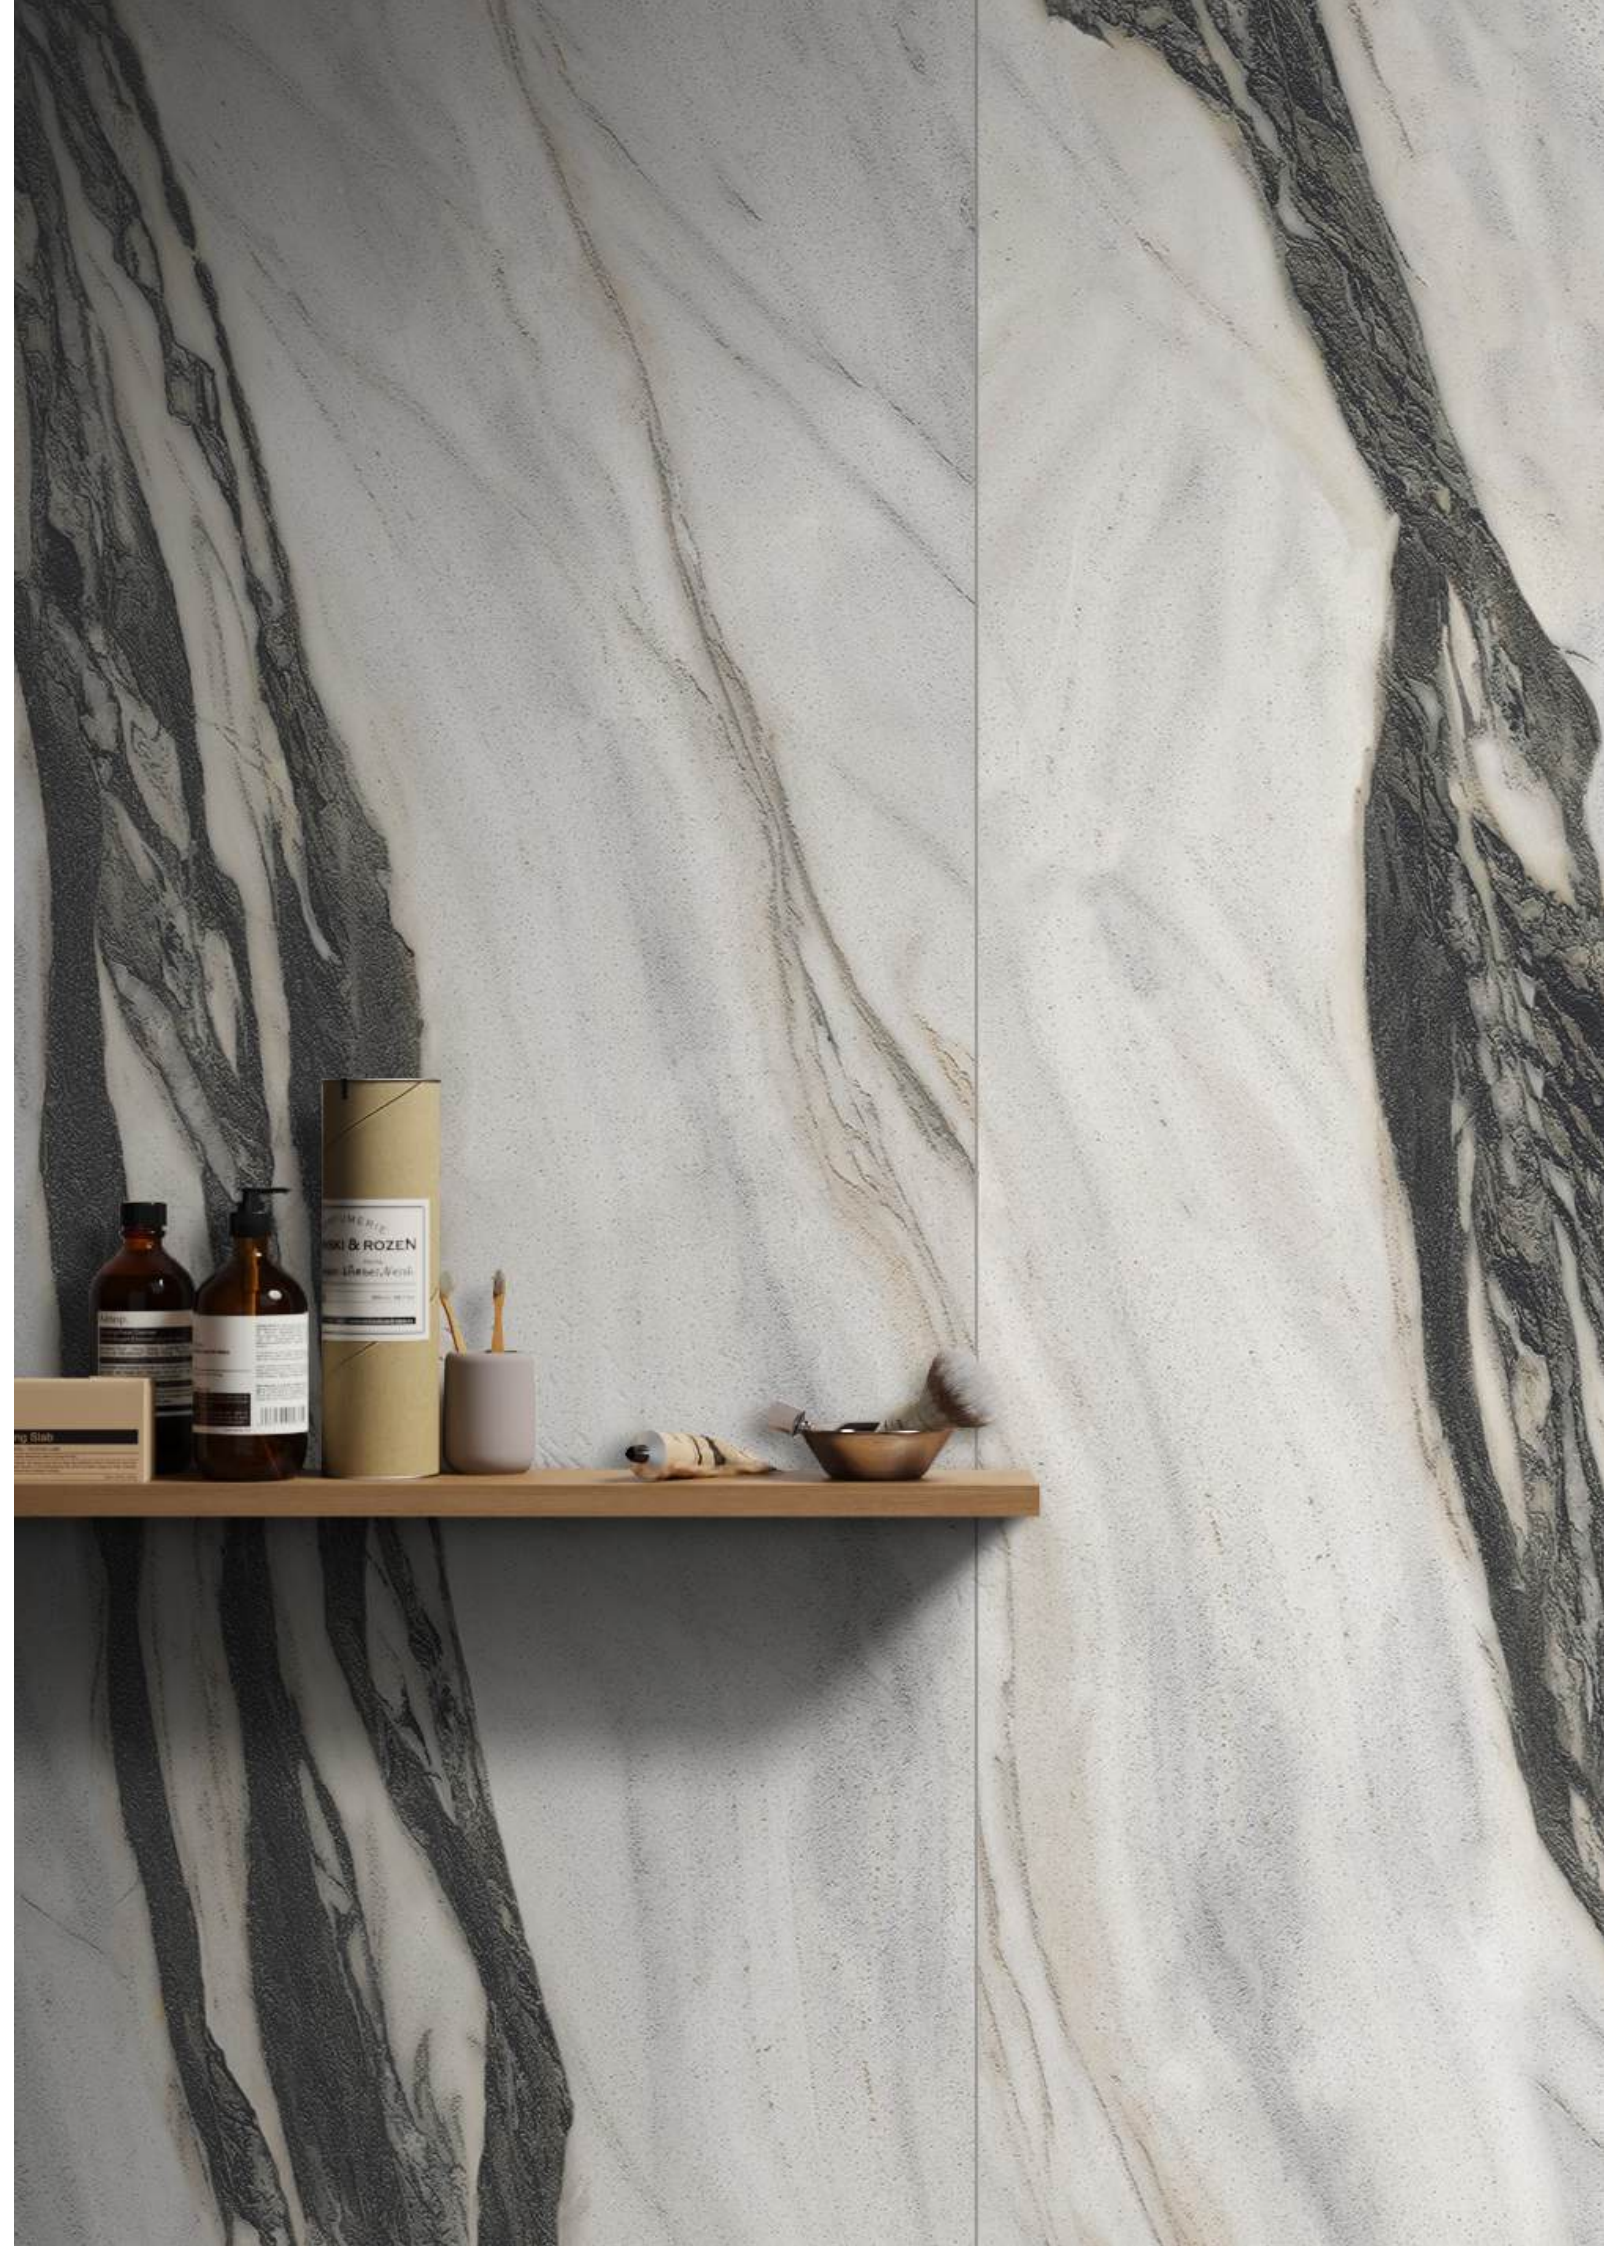

he Artech Series is as versatile as it is beautiful. Perfect for both wall and floor installations, these tiles can be used in various settings, from kitchens and bathrooms to office spaces and living areas. The textured surface adds a modern flair, creating a stylish focal point that complements any décor.

TEXTURED SERENITY

VEINTECH
DIGITAL CREATIVITY ON SURFACE

The Veintech Series draws inspiration from the natural world, translating its intricate textures into stunning tile designs. The unique 3d effect mimics the organic contours found in nature, from the roughness of tree bark to the subtle undulations of a mountain landscape. This series brings the beauty of nature's textures into your living spaces, offering both visual appeal and a tactile experience.

Just as nature forms its patterns through time and the elements, the Veintech Series tiles reflect this timeless beauty. The raised, punch-like effect on each tile evokes the sense of natural formations, like rock surfaces or the irregular flow of water. These tiles bring a sense of harmony and grounding to any room, allowing your space to feel connected to the earth.

POSITION

PRINT TECHNOLOGY

In the world of tile design, precision is everything. Introducing Position Printing Technology - a breakthrough that redefines how patterns meet perfection.

Unlike conventional methods, position printing ensures design alignment down to the millimeter, bringing flawless continuity across multiple tiles, textures, and even carved surfaces.

800x1600mm

ARTECH - DIGITAL CREATIVITY ON SURFACE

VEINTECH - DIGITAL CREATIVITY ON SURFACE

ARTECH
DIGITAL CREATIVITY ON SURFACE

The beauty of the Artech Series lies in its versatility. These tiles can be used in various settings, from residential living rooms to high-traffic commercial areas. The nature-inspired design works beautifully in both contemporary and rustic interiors, bringing a natural element to any space.

True to its inspiration, the Artech Series is created with sustainability in mind. The tiles are made from high-quality, eco-friendly materials, ensuring that the beauty of nature is not only reflected in the design but also respected in the production process.

The Artech Series is for those who want to make a statement with their interiors. The bold, raised patterns bring a contemporary edge to any room, ensuring your space stands out with unique character and style.

VEINTECH
DIGITAL CREATIVITY ON SURFACE

When you choose the Veintech Series, you're not just choosing a tile - you're creating a deeper connection to the natural world. The textures evoke the serenity and beauty of nature's finest creations.

From residential homes to commercial spaces, the Veintech Series offers a transformative experience. Whether placed on walls or floors, these tiles enhance any room with their textured elegance.

PRESSED
TILE

Creavision e-View is the vision and self-regulation accessory for digital printing.

It controls the exact position of the tile on the belt for the correct repositioning of the graphic image to be printed.

VEINTECH

DIGITAL CREATIVITY ON SURFACE

Introducing VeinTech – a tile series that redefines the art of surface design. Inspired by the natural flow and finesse of stone veins, each tile captures timeless elegance and cutting-edge craftsmanship. Perfectly blending technology and nature, VeinTech transforms ordinary spaces into architectural statements.

Where art meets innovation—VeinTech breathes life into surfaces with graceful, flowing veins inspired by nature's finest stones. This collection harmonizes organic textures with contemporary finishes, offering a refined visual experience that elevates any environment.

VeinTech is more than just a collection—it's a breakthrough in tile design. Crafted with advanced printing technology, this series replicates intricate vein patterns with remarkable depth and precision. Engineered for both durability and beauty, VeinTech tiles bring a sense of continuity, movement, and modern sophistication to any setting.

Technical Features

Easy To Maintain

-Our Easy-to-Maintain tiles are designed for durability, convenience, and long-term performance.

Non-slip

-Our Non-Slip tiles are designed to provide enhanced traction and safety in wet and high-traffic areas.

Water Proof

-Our Water Proof tiles are specially designed to resist water infiltration, ensuring superior protection against moisture-related damage.

Prevents Bacterial Growth

-Our Anti-Bacterial tiles are designed to prevent bacterial growth, ensuring a hygienic and safe environment.

Fire Resistant

-Our Fire-Resistant tiles are specially engineered to withstand high temperatures and prevent flame spread, making them ideal for both residential and industrial applications.

Resistant To Acids

-Our Acid-Resistant tiles are specifically designed to withstand exposure to harsh acids, alkalis, and chemicals, making them ideal for industrial, commercial, & laboratory environments.

TECHNICAL SPECIFICATION

CHARACTERISTIC	STANDARD AS PER ISO-13006/EN14411 GROUP BIA	MEAN VALUE O	TEST METHOD
REGULATORY PROPERTIES			
Deviation in length & width	±0.5 %	±0.2 %	ISO-10545-2
Deviation in thickness	±5.0 %	±4.0 %	ISO-10545-2
