WALLTILES

UNMATCHED PERFORMANCE, LASTING IMPRESSIONS

The 300 x 600 mm tile format is designed to deliver a refined and contemporary wall finish. Its elongated proportion helps reduce joint lines, creating visually continuous surfaces that enhance spatial perception. This size is widely used in bathrooms, kitchens, and feature walls where a clean, structured appearance is essential. Suitable for horizontal, vertical, and stacked installations, the format allows flexibility in layout while maintaining a composed and elegant finish. It is an ideal choice for modern interiors that demand both visual sophistication and functional reliability.
